Then & now

The Lee Wood Hotel was originally built in 1830 as three houses by William Canendish, the 6th Duke of Devonshire. The so-called “Bachelor Duke" was one of the biggest landowners in the United Kingdom, as well as an ambassador to Tsarist Russia, and a renowned horticultural enthusiast who owned over 200,000 acres of land. Cavendish transformed the three houses into a hotel in 1860, to capitalise on the growing influx of visitors arriving via the newly built Derby–Manchester railway line. At the time, the town was beginning to prosper as a Victorian spa resort, drawing people keen to enjoy the therapeutic properties of its thermal spring waters.

Acquired by Margaret and Derwent Millican in 1957, the hotel reopened the following year after a brief renovation. It remained in the care of the Millican family for almost 70 years, becoming a much-loved hotel known for its warm welcome, friendly atmosphere and excellent customer service, attracting many returning guests.

In 2026, HF Holidays purchased the property and, in the spirit of our member-owned co-operative, hopes to carry that legacy forward when Lee Wood opens as an HF Country House in 2027.

Check-In & Check-Out

You are welcome to check in from 4pm at the earliest. HF Members can check in earlier, from 2pm. On arrival, you’ll enjoy a complimentary cream tea and get to meet your fellow guests, our HF Holidays Leaders, and the rest of the friendly team. Check out 10am.

Helping you enjoy the Great Outdoors - A natural focus on walks

Walks talks and Discovery Points
Our founder, country pastor turned social innovator, Thomas Arthur Leonard, was passionate about encouraging people to explore the countryside. His legacy continues in HF's continued focus on walking. Many guests choose to travel with us on guided or self-guided walking holidays, and as such, evenings at our houses are often busy with walk leaders hosting various briefings and talks. On guided walking holiday arrival days, there are walking information briefings before dinner, and for the duration of any guided walking holiday there will be a Walks Talk before (or on occasion after dinner), to go through the following day's walk options. Self-guided walking guests, and those on special interest holidays (where there is free time to explore independently), are of course welcome to also join in these Walks Talks - please talk to the team locally if you have any queries. Our Discovery Points are filled with handy maps and route notes, designed to ensure everyone, not just those booked on a guided walking holiday, can enjoy the beautiful countryside settings that our HF houses enjoy.

The walking day
Prior to setting off on guided walks, our HF Holidays Leaders run through a short safety briefing. There's also an up-to-date weather forecast on display at the house to ensure walkers have appropriate clothing and footwear. If you choose to do your own walks or are on a self-guided walking holiday, we ask that you please complete an Independent Walker Card each day. These can be found near the Discovery Point in the house.

LOCAL AREA

Places to visit in Buxton

Perfectly placed in the heart of the Peak District, Buxton offers easy access to some of England's most inspiring landscapes, charming villages, and historic landmarks. Whether you're enjoying a guided, self-guided walking or special interest holiday, there's always the opportunity to linger for longer. Here's our pick of the very best things to see and do within easy travelling distance of the Lee Wood Hotel in Buxton.

The Peak District's best-loved landscapes

Step straight into the Peak District National Park, where a network of well-maintained trails leads you through dramatic dales, rolling hills and rugged moorland. Discover the limestone valleys of Dovedale and Monsal Dale, with their iconic stepping stones and sweeping views, or explore the wild beauty of the Dark Peak, where gritstone edges like Kinder Scout and Stanage Edge offer a more dramatic backdrop.

Buxton's heritage, gardens & caves

Closer to home, Buxton itself is rich in history. As England's highest market spa town at 1,000 feet above sea level, there's more to this place than water. The town's spa heritage and leafy parks make it an ideal place to relax after a day in the hills. Stroll around the elegant Georgian Crescent, explore the beautiful Pavilion Gardens, or visit the historic Opera House to catch a show in an authentic Edwardian theatre. From musicals and stand-up comedy to operatic performances, including the world-famous International Gilbert & Sullivan Festival every August, it's one of the Midlands' prime entertainment venues. Poole's Cavern is also well worth a visit – a two-million-year-old natural limestone cave.

Historic houses and stately grandeur - Chatsworth House, Bakewell & Castleton

The surrounding countryside is dotted with picturesque villages, each with its own charm. Home of the Duke and Duchess of Devonshire, this magnificent 17th century mansion is set in over 1,000 acres of stunning parkland and formal gardens. Inside, there are over 30 rooms to explore, including the State Rooms, Sculpture Gallery, and Painted Hall. Castleton, located at the head of the Hope Valley, is known for its caves: Peak Cavern, Blue John Cavern, Speedwell Cavern, and Treak Cliff Cavern - and historic Peveril Castle, while Bakewell offers riverside walks and its famous pudding. Closer to Buxton, villages like Tideswell – home to the impressive "Cathedral of the Peak" – provide welcoming pubs, local history, and a slower pace of life. Haddon Hall, overlooking the River Wye, is a fairytale-like manor house with its fortified exterior dates from the 12th century. Every part of the property is steeped in history, but the banqueting hall, chapel, and kitchens are particularly worth exploring.

Cromford Mills

Part of the UNESCO-listed Derwent Valley Mills, the world's first water-powered cotton spinning mill developed by Richard Arkwright in 1771 is known as the birthplace of the modern factory system. The mill museum and visitor centre are both worth visiting.

Dovedale Stepping Stones

The limestone valley of Dovedale steals the limelight as one of the best-loved – and most visited – beauty spots in the Peak District National Park. Don't miss the famous stepping stones located about half a mile from the car park (check the National Trust website for news of Stepping Stones opening/access due to repairs).

Trails, railways and scenic routes

Enjoy traffic-free walking and cycling along the Monsal Trail, following a former railway line through tunnels and across viaducts with spectacular views. For a nostalgic day out, the Peak Rail heritage railway offers a leisurely journey through the Derwent Valley, while the surrounding area is crisscrossed with gentle routes perfect for guided and self-guided exploration. Crich Tramway Village - a recreated Edwardian-style village and home to the National Tramway Museum is located near the village of Crich. Highlights include the woodland walk, sculpture trail, and collection of over 60 trams built between 1873 and 1982.

SAFETY ON YOUR HOLIDAY

Walking safety

Walks may be changed for safety reasons and are subject to a maximum and minimum number of guests.

Leaders always consider the safety of the group as a whole, and may need to alter or curtail the walk if the conditions dictate. Your leader may refuse to accept a guest where clothing, equipment or behaviour is unsuitable. In the event of a problem all leaders carry a mobile phone, first aid kit, group shelter, spare maps and a compass.

Please note: If you choose to leave the group your leader is no longer responsible for you.

If you have a particular health condition or disability please put this on your guest registration form. This information will be confidential to your leaders and the house manager, but leaders do need to take account of any issues when planning walks. Please carry a copy of these trip notes with you, or note down the contact phone number for your accommodation (details in the travel section) should you need them in case of emergency.
