ITINERARY – ITINERARY

Day 1 Arrival day

Welcome to Grand Hotel. Unpack and settle in.

Day 2 Xlendi and the Southern Coast

Today we explore the coastal area along the south coast of Gozo. Here you'll find precipitous cliffs and deep-cut fjords, rocky headlands and little urbanisation.

Option 1 - Along the coast to Xlendi

Distance: 5 miles (8km)

Ascent: 600 feet (180m)

Following the coast path, we take in dramatic views of the cliffs. We continue along the coastline passing Xlendi Tower, the oldest freestanding watchtower on Gozo. Beautiful fossil embedded limestone formations and Xlendi Tower perched magnificently on a cliff top.

Option 2 - The Southern Coast to Xlendi

Distance: 8 miles (13km)

Ascent: 1,000 feet (300m)

We walk from our hotel and cross scenic countryside towards the inlet of Mgarr-ix-Xini. We then walk along the coastal path through one of Gozo's most remote areas taking in spectacular cliff-top views.

Day 3 Ta Pinu and Sculpted cliffs

The Church of Pilgrimage at Ta Pinu starts the day. From here the north coast offers some spectacular cliff scenery. Heading eastwards there are some beautiful 'wind sculptures' to admire as well as quaint fishermen's storerooms, formed in the softer rock of the higher cliffs, on our way to Marsalforn or Victoria

Option 1 - Ta Pinu, Sculpted cliffs & Marsalforn

Distance: 6 miles (10km)

Ascent: 150 feet (40m)

Descent: 450 feet (140m)

Our day begins at the sanctuary church of Ta Pinu with time to explore. We'll then head to the coast via the village of Ghasri. On reaching the coast we'll see the beautiful inlet of Ghar il Qamh, fascinating saltpans and weather-sculpted cliffs. We finish at Marsalforn with refreshments.

Option 2 - Marsalforn via Hekka Point

Distance: 7½ miles (12.5km)

Ascent: 300 feet (90m)

Descent: 600 feet (190m)

We too start with a visit to Ta Pinu, but then begin walking uphill to Ta Ghammer with its stations of the cross. We then head for Hekka Point via the village of Gharb. We'll then follow the other party to Marsalforn via the saltpans and cliffs.

Day 4 North Coast Beaches and Caves

Both walks follow quiet countryside roads to Marsalforn and the scenic northern coastline taking in Ramla Beach, the longest sandy beach on Gozo and the spectacular viewpoint from Tal-Mixta Cave.

Option 1 - Ghasri to Ggantija Temples

Distance : 5.5 miles (8.5km)

Ascent: 500 feet (140m)

Our walk today starts at the impressive Corpus Christi Church in Ghasri, then we make our way towards the coast at Marsalforn, where the beautiful bay is set between hilltop towns. We continue back inland, through the countryside and ascend towards Xaghra, passing a traditional 18th century windmill, before we reach the fascinating Ggantija Temple.

Option 2 - Ghasri to San Blas

Distance: 9 miles (14.5km)

Ascent: 1,000 feet (300m)

We begin walking from Ghasri towards the coast at Marsalforn, from here we follow the rugged northern coastline past Ramla Bay and the iconic viewpoint at Tal-Mixta cave. We then continue past San Blas beach and the beautiful San Blas gardens to finish at Nadur Observatory.

Day 5 Free day

Today there are no organised walks, allowing you time to explore the local area or relax in the Hotel or at the beach.

Ta'Mena Estate

The Ta'Mena estate, which the Spiteri family owns, is situated in the picturesque Marsalforn Valley between Victoria and Marsalforn Bay. The estate includes a fruit garden, an olive grove with about 1500 olive trees, an orange grove, and over ten hectares of vineyards. It enjoys the panoramic views of the Gozo Citadel and the surrounding hills and villages. They cultivate vines, olives, lemons, oranges, various fruit trees, strawberries, tomatoes, melons, watermelons and other vegetables. They produce their own wine. There is also an opportunity to buy. HF Holidays groups have visited in previous years and thoroughly enjoyed it.

Malta Trip

There is an excellent scheduled ferry service between Gozo and Malta and the crossing takes approximately 25 minutes. The ferry leaves Gozo from Mgarr and arrives on Malta at Cirkewwa. The ferry timetable is available from www.gozochannel.com

Trip to Valletta

There is a high speed catamaran service operating from Gozo to Valletta, if you would like to explore this historic city in your free time.

Day 6 Xlendi Bay and Fungus Rock

A combination of man's burrowing and gigantic sea erosion has shaped the landscape of today's walks. On the Harder Walk, we'll descend by cliff paths to Xlendi before a spectacular ascent of the cliffs to the west leads to Dwerja Point. Both walks visit Dwerja Point where once stood the dramatic sea-arch known as the Azure Window. Sadly, due to a combination of sea erosion and high winds, the Azure Window collapsed in March 2017. If time and weather permit, a boat trip can be taken from the Inland Sea through a tunnel in the rock out to view the nearby cliffs and Fungus Rock. Both walks continue on into Victoria, the island's capital, for well-earned refreshments

Option 1 - Fungus Rock & the Inland Sea

Distance: 6 miles (9½km)

Ascent: 550 feet (180m)

The day starts with a gradual descent to see Fungus Rock - prominently guarding the entrance to Dwerjra Bay and onto Dwerjra Point where we can see the site of the collapsed Azure Window sea arch. We then circle the Inland Sea before heading for some sightseeing in Victoria. There's opportunity to take a boat ride through the caves into the open sea.

Option 2 - Xlendi Cliffs & Dwejra Bay

Distance: 9 miles (14½km)

Ascent: 1,200 feet (380m)

Our walk starts at the village of Munxar and follows a dramatic coast path to the resort of Xlendi. After a spectacular ascent to the cliff tops we'll walk on to Wardija Point and then follow the route of the other party all the way to Victoria. Take a look inside the 17th Century Dwerjra Tower - one of only four surviving coastal watchtowers on Gozo.

Day 7 Rocky strand to secluded coves

Today's walks offer extensive views over the straits to Comino and Malta. Our groups traverse a delightful flat rock shore and then enjoy charming coves, verdant gardens and wonderful wild flowers. Both walks visit the beautiful Dahlet Qorrot beach with the opportunity for a dip. Continuing, both groups make their way through the outskirts of Nadur, arriving at one of the most stunning viewpoints on Gozo.

Option 1 - Qala, Dahlet Qorrot and Nadur

Distance: 7 miles (11km)

Total ascent: 800 feet (240m)

We start our day at Qala for great views of the strait to Comino and Malta. We then walk through open countryside to the small harbour of Dahlet Qorrot, before taking lunch at the lovely San Blas Gardens. We finish by walking through a fertile valley to Nadur, and back to our hotel.

Option 2 - Strait, Strands and Coves

Distance: 9 miles (16km)

Ascent: 1,000 feet (420m)

We walk in the remote north-east corner of the island, walking the coastline for fantastic views of Comino and Malta. We'll visit St Anthony's gun battery, then the beautiful secluded bay of Dahlet Qorrot, before picking up the route back to the hotel via Nadur.

Day 8 Departure day

We hope to see you again soon.

Trip information

EU Walking Safety

We are committed to running our Guided Walking holidays in a safe manner and your co-operation with this is much appreciated. No outdoor activity can be 100% risk free; however, if you take sensible precautions and adhere to your leaders' instructions, your holiday will be both safe and enjoyable. On the first evening of your holiday (dependent on arrival time), the leaders will give a short talk about safety on the walks – we would ask everyone to attend.

Walking as a group: Our leaders always consider the safety of the group as a whole, and will show more caution over potential risks (such as bad or exceptionally hot weather) than an individual or couple might make on a private outing. Walks may be modified or cancelled following the leaders' assessment of the day-to-day situation. Your leaders will refuse to accept any guest whose clothing, equipment, behaviour or walking ability is considered unsuitable, and where it could affect the safety and enjoyment of other guests on the proposed walk. It is your responsibility to follow the leader's guidelines, for the benefit and safety of the group as a whole. If you leave the group, then your leader will no longer have responsibility for you. For safety reasons, we stipulate a minimum party size of two guests in addition to the leader. First aid: In line with current practice, each leader carries a group first aid kit but is not able to supply any 'medication', including aspirin, paracetamol, antihistamines and antiseptic cream.

Hydration: In warm weather it is very important to keep hydrated. You will need to carry a minimum of two litres of water with you on walks, more during hot weather or on more demanding walks. One good way of hydrating is to use a two litre hydration pack which allows drinking without constant stopping. This can then be filled up from additional water sources as required. Your leader will inform you of the possibilities for replenishing your water during the walks.

Your health: It is essential that you describe on your guest registration form any health condition or disability you may have. The leaders will treat this confidentially and may be able to take it into account on the walks; for example, by not delaying lunch if they know they have someone with diabetes in their party.

Vaccinations & health

Vaccinations & health information

Before booking, you should check with your doctor to see whether any health precautions are needed for your trip. Health advice and requirements can change, so we recommend doing this in good time before travel.

As a general rule, travellers should ensure they are up to date with routine UK vaccinations and boosters, including, for example, MMR and diphtheria, tetanus and polio. Some countries may require you to have specific vaccinations such as Malaria, Rabies and Yellow Fever. Please check with your GP if you are unsure.

Please note that the use or possession of some common prescription or over-the-counter medicines is restricted or banned in certain countries. If you will be carrying medication, you should check with the relevant embassy or consulate before travelling. As an extra precaution, we recommend keeping medication in its original packaging, carrying a copy of your prescription, and, where possible, asking your pharmacist to provide the medication name in the language of the country you are visiting.

For further country-specific health advice, visit www.fitfortravel.nhs.uk or www.traveldoctor.co.uk. If you are travelling from outside the UK, please consult your own doctor and check local entry requirements.

Passports & visas

Passport & Visa information

This information is for those travelling with a full 'British Citizen' passport; for all other nationalities or passport holders, please check with your local consulate for advice.

Passport Requirements

This information applies to travellers holding a full British Citizen passport. Entry requirements vary by destination and can change at short notice. For most EU and worldwide destinations, passports must be valid for the entire duration of your stay. Some countries also require a minimum period of validity remaining on your passport (often up to 6 months beyond your return date), even if you are not staying that long.

We strongly recommend ensuring your passport has at least six months' validity remaining at the time of travel to avoid any issues.

If you hold a different type of British passport or a passport issued by another country, you must check the requirements with the relevant embassy, consulate, or official government website.

Visa Requirements

Visa rules depend on your nationality, destination, length of stay, and purpose of travel, and they can change frequently. It is your responsibility to check whether you require a visa before travelling.

British passport holders should check the latest entry, passport validity and visa requirements for their destination on the UK government's Foreign, Commonwealth & Development Office (FCDO) website:

Drinking Water

Drinking Water

Standards for drinking water vary widely around the world. In many destinations, tap water may not be safe to drink, brush your teeth with, or use for making ice. Where advised, you should drink only bottled or treated water and ensure that bottle seals are intact before use. If bottled water is unavailable, water should be boiled or filtered.

Staying well hydrated is particularly important in hot climates and during active holidays. Carry water with you and drink regularly.

If you are unsure about local water safety, check official country-specific health advice before travel, or ask your accommodation or local guides for guidance once you arrive.
