## ITINERARY

### Day 1: Arrival Day

Check in at the hotel is available from 1500 hours and you will meet your trail leader prior to your evening meal for a welcome meeting.

### Day 2: Brampton To Gilsand

Our starting point is the historic market town of Brampton, the headquarters of Bonnie Prince Charlie in 1745. Leaving the town we follow a footpath through open fields, which leads us towards the evocative setting of

Lanercost Priory, built in 1166 with red sandstone taken from Hadrian's Wall. Soon after leaving the priory we have our first meeting with the Wall from where we can look back over our route so far. We follow the course of Hadrian's Wall, passing various Turrets and Signal Towers before we reach the 2,000-year old Birdoswald Roman Fort, once home to over 1,000 soldiers. The visitor centre here provides a good introduction to the history of Hadrian's Wall. Descending to the River Irthing, we have the opportunity to explore the Roman remains at Willowford, one of the most photographed sections of the Wall, before arriving in the historic village of Gilsland.

9 miles (14.5km) with 1,300 feet (400m) of ascent

### **Day 3: Gilsland To Once Brewed**

From Gilsland our route becomes more dramatic, as a craggy landscape rises ahead. We briefly cross the intersection with the Pennine Way before we reach the impressive ruins of Thirlwall Castle. The castle was built in the 14th century by John Thirlwall to protect his family from the violent cross border raids between England and Scotland. On leaving the castle the walking becomes more rugged as we cross a splendid section of wild and invigorating countryside, which includes Cawfield Crag and Milecastle 41. The location of the Milecastle commands superb views over a wide expanse of countryside. As well as a superb stretch of walking, this section of the Wall is particularly impressive - an unbeatable combination. Crossing Windshields Crag we reach the trig point at 345 metres, the highest point on the entire Wall.

10 miles (16km) with 1,300 feet (400m) of ascent

### **Day 4: Once Brewed Circuit**

Today's circular walk gives us the opportunity to visit Housesteads, the most complete Roman fort in Britain, and Vindolanda, a Roman town with its own fort. Leaving Once Brewed we climb along Steel Rigg, a stunning section of the walk with many rises and falls. We have magnificent views over Crag Lough, and as we look behind we can see the Wall snaking into the distance, following the high ground to take advantage of the natural defences of this dramatic landscape. A little further on we can see the famous sycamore tree used in film 'Robin Hood Prince of Thieves', starring Kevin Costner. We have ample opportunity to explore the impressive site of Housesteads Roman Fort, the extent of which spans five acres. At Vindolanda, we can also explore the relaxing gardens.

5 miles (8.1km) with 570 feet (175m) of ascent.

### **Day 5: Housesteads To Chollerford**

Leaving Housesteads we follow an attractive stretch of footpath along the Wall where woods perch on the rocky slopes of Sewingshields Crag. We can admire the great views of the Wall zigzagging ahead of us, before we pass a white cairn and Sewingshields Turret. Here we descend to follow a long line of roadside Wall, passing the site of the fort Brocolitia and the remains of the Temple of Mithras en route. Entering the Northumberland National Park an excellent stretch of walking provides stunning views of open countryside. Towards the end of our day we reach Chester's Fort, which was originally the grounds of a country house, home to John Clayton the man responsible for the initiation and restoration of the wall around 1832. The museum here displays his finds at various sites along the Wall and is a memorial to his efforts.

10 miles (16km) with 500 feet (150m) of ascent

### **Day 6: Chollerford To Corbridge, Via Aydon Castle**

At Chollerford we cross a fine bridge, built in 1775 following the great flood of 1771, which demolished its predecessor. The Roman ditch is unmistakable and very deep on this stretch and we are surrounded by calls of the skylark, lapwing and curlew. Passing through a thick forest we emerge to a different world of arable farmland and enjoy pleasant walking through fields. The Wall stretches in a straight-line ahead of us, aligned along the Dere Street Roman Road from Corbridge. At the Onnum Roman Fort we bid our final farewells to the Wall and walk south to the peaceful village of Halton and its ruined castle. From here we continue to Aydon Castle, one of the finest surviving examples of a medieval manor house in England and the setting for the film

'Ivanhoe'. We have the opportunity to explore this delightful castle before following a bridleway to the finish of our Hadrian's Way holiday at Corbridge Roman Town.

9½ miles (15km) with 800 feet (240m) of ascent

## USEFUL HOLIDAY INFORMATION

### Holiday Information

**Hadrian's Wall** is the best-known frontier in the entire Roman Empire. Our holiday travels through the centuries and follows the most spectacular sections of the wall combining a unique mix of heritage with wild and dramatic landscapes. Internationally celebrated as a World Heritage Site, Hadrian's Wall is the most important monument built by the Romans in Britain and stands as a reminder of the past glories of one of the world's greatest civilisations. The wall was built by order of the Emperor Hadrian, who came to Britain in AD 122. Over the next six years the army built a wall 80 Roman miles long, starting from Wallsend in the east, to Bowness on Solway in the west, with the intention of separating the Romans from the Barbarians. By the early 400's, the Empire had declined, and Britain was abandoned. Spanning nearly 2,000 years of history, this makes what we see today all the more precious for being the last remains of such an incredible Roman structure.
