ITINERARY – ITINERARY

Day 1 Arrival Day

Welcome to the Valamar Riviera Hotel. Unpack and settle in.

Day 2 Views of the Adriatic Coast

Option 1 - Beach, Bays and Capes

Distance: 6 miles (9½km)

Total ascent: Negligible

Starting from the hotel, we'll follow the flat coastline south from Poreč, passing a number of delightful beaches, all inviting us to take a dip. We'll take a rest at a green lagoon and admire the Adriatic views. On the way back, we'll reach Poreč where we can visit the old city, before walking back to the hotel.

Option 2 - Beaches, Bays and Capes

Distance: 8.5 miles (13km)

Total ascent: Negligible

This walk follows the same route as option 1 but extends things with a longer walk along the coast before returning to Poreč.

Day 3 On The Paths of History to Motovun

Option 1 - Vineyards to Motovun

Distance: 5 miles (8½km)

Total ascent: 1,200 feet (360m)

Total descent: 600 feet (180m)

Starting from a bridge over the River Mirna, we'll pass through woodland skirting the river before ascending the side of the valley. A view of our objective, the mediaeval hill-top town of Motovun, suddenly and dramatically appears before us as we pass through vineyards. We'll make our final ascent to the much-visited town via an ancient stairway to enter it as travellers over the centuries have done.

Option 2 - Motovun and the Parenzana

Distance: 7½ miles (12km)

Total ascent: 1,200 feet (360m)

After following a similar route to option 1, we'll make a sharper ascent of the valley side to reach the Parenzana, following a disused railway track through the rolling hills popular with cyclists and walkers. After visiting Motovun we'll descend through woods and fields with delightful views over the neighbouring valley.

Day 4 Istria's Southernmost Tip – Kamenjak Peninsula and Pula

Option 1 - Dinosaurs Walked This Way

Distance: 7 miles (11km)

Total ascent: 400 feet (120m)

Istria's modern motorway speeds us to the jewel on the southern coast – the Kamenjak Peninsula. We'll hike over the limestone on the rugged western coast, reach the breathtaking viewpoint on the southern tip and return on the gentler shores of the eastern side with its tempting beaches and bays. We'll finish our in the old village of Premantura before a guided tour of historic Pula – a coastal city which is home to a wealth of Roman architecture including a well-preserved amphitheatre built to house 23,000 spectators. It's the only remaining Roman amphitheatre in the world with a complete circle wall.

Option 2 - Fossils Galore

Distance: 8½ miles (13½km)

Total ascent: 700 feet (220m)

Starting from the quiet village of Premantura, a small fishing and tourist town, we'll cross onto the spine of the Kamenjak Peninsula. Despite our modest height the views are spectacular and the history of this location even more so – you may even spot the fossilised remains of dinosaur footprints. This leads us onto the peninsula where we pick up the option 1 track and round off with a guided tour of ancient Pula.

Day 5 Free Day

Each week there is a free day when no guided walks are offered. This is an ideal opportunity to relax around the hotel, walk independently, or visit local places of interest. Options include:

Poreč

Discover the fascinating history of this ancient city. Alternatively, enjoy one of the many boat trips offered at the harbour. High-speed catamaran day trips to Venice are possible.

Rovinj

Known as the Pearl of the Istrian Peninsula, this is one of the Croatia's prettiest cities. It's home to romantic cobbled streets plus a charming harbour in the Old Town. Rovinj is around 40 minutes' drive by bus or taxi.

Day 6 Istria's Ancient Hill Towns

Option 1 - Buje - Grožnjan

Distance: 6 miles (9.5km)

Total ascent: 460 feet (140m)

Total descent: 360 feet (110m)

Our walk starts at Buje, also called the guard of the northern Istria. From Buje we walk on a disused railway track, passing over a bridge and through two tunnels built for the old Parenzana railway. We'll walk toward Grožnjan where there's time to explore this medieval town and enjoy the views.

Option 2 - Grožnjan - Završje

Distance: 9 miles (14½km)

Total ascent: 790 feet (240m)

Total descent: 790 feet (240m)

Our walk starts at Grožnjan, walking on the disused Parenzana railway track, towards Završje. Taking a circular route, we follow paths back to the Grožnjan.

Day 7 Pazin Rocks and Waterfalls

Option 1 - Pazin Paths and Waterfalls

Distance: 4.5 miles (7km)

Ascent: 265 feet (80m)

Descent: 360 feet (110m)

We start at the village of Dušani and head towards Zarečki Krov. Walking along the Mill Valley to Pazinski Krov, we'll pass several waterfalls before ending our journey in the medieval city of Pazin. Mentioned in an adventure novel (Mathias Sandorf) by Jules Verne, this hillside town is home to wow-factor panoramas over a limestone canyon.

Option 2 - Pazin and the Mill Valley

Distance: 7 miles (11km)

Ascent: 850 feet (260m)

Descent: 1,050 feet (320m)

Our longer option also starts in Dušani. Picking up the Mill Valley trekking route, we'll pass the waterfalls of Zarečki Krov and Pazinski Krov. Arriving into Pazin, we will see the 12th century castle and walk on the path alongside the gorge where the Pazinčica River flows below, admiring the impressive rock formations.

Day 8 Departure Day

Trip information

EU Walking Safety

We are committed to running our Guided Walking holidays in a safe manner and your co-operation with this is much appreciated. No outdoor activity can be 100% risk free; however, if you take sensible precautions and adhere to your leaders' instructions, your holiday will be both safe and enjoyable. On the first evening of your holiday (dependent on arrival time), the leaders will give a short talk about safety on the walks – we would ask everyone to attend.

Walking as a group: Our leaders always consider the safety of the group as a whole, and will show more caution over potential risks (such as bad or exceptionally hot weather) than an individual or couple might make on a private outing. Walks may be modified or cancelled following the leaders' assessment of the day-to-day situation. Your leaders will refuse to accept any guest whose clothing, equipment, behaviour or walking ability is considered unsuitable, and where it could affect the safety and enjoyment of other guests on the proposed walk. It is your responsibility to follow the leader's guidelines, for the benefit and safety of the group as a whole. If you leave the group, then your leader will no longer have responsibility for you. For safety reasons, we stipulate a minimum party size of two guests in addition to the leader. First aid: In line with current practice, each leader carries a group first aid kit but is not able to supply any 'medication', including aspirin, paracetamol, antihistamines and antiseptic cream.

Hydration: In warm weather it is very important to keep hydrated. You will need to carry a minimum of two litres of water with you on walks, more during hot weather or on more demanding walks. One good way of hydrating is to use a two litre hydration pack which allows drinking without constant stopping. This can then be filled up from additional water sources as required. Your leader will inform you of the possibilities for replenishing your water during the walks.

Your health: It is essential that you describe on your guest registration form any health condition or disability you may have. The leaders will treat this confidentially and may be able to take it into account on the walks; for example, by not delaying lunch if they know they have someone with diabetes in their party.

Vaccinations & health

Vaccinations & health information

Before booking, you should check with your doctor to see whether any health precautions are needed for your trip. Health advice and requirements can change, so we recommend doing this in good time before travel.

As a general rule, travellers should ensure they are up to date with routine UK vaccinations and boosters, including, for example, MMR and diphtheria, tetanus and polio. Some countries may require you to have specific vaccinations such as Malaria, Rabies and Yellow Fever. Please check with your GP if you are unsure.

Please note that the use or possession of some common prescription or over-the-counter medicines is restricted or banned in certain countries. If you will be carrying medication, you should check with the relevant embassy or consulate before travelling. As an extra precaution, we recommend keeping medication in its original packaging, carrying a copy of your prescription, and, where possible, asking your pharmacist to provide the medication name in the language of the country you are visiting.

For further country-specific health advice, visit www.fitfortravel.nhs.uk or www.traveldoctor.co.uk. If you are travelling from outside the UK, please consult your own doctor and check local entry requirements.

Passports & visas

Passport & Visa information

This information is for those travelling with a full 'British Citizen' passport; for all other nationalities or passport holders, please check with your local consulate for advice.

Passport Requirements

This information applies to travellers holding a full British Citizen passport. Entry requirements vary by destination and can change at short notice. For most EU and worldwide destinations, passports must be valid for the entire duration of your stay. Some countries also require a minimum period of validity remaining on your passport (often up to 6 months beyond your return date), even if you are not staying that long.

We strongly recommend ensuring your passport has at least six months' validity remaining at the time of travel to avoid any issues.

If you hold a different type of British passport or a passport issued by another country, you must check the requirements with the relevant embassy, consulate, or official government website.

Visa Requirements

Visa rules depend on your nationality, destination, length of stay, and purpose of travel, and they can change frequently. It is your responsibility to check whether you require a visa before travelling.

British passport holders should check the latest entry, passport validity and visa requirements for their destination on the UK government's Foreign, Commonwealth & Development Office (FCDO) website:

Drinking Water

Drinking Water

Standards for drinking water vary widely around the world. In many destinations, tap water may not be safe to drink, brush your teeth with, or use for making ice. Where advised, you should drink only bottled or treated water and ensure that bottle seals are intact before use. If bottled water is unavailable, water should be boiled or filtered.

Staying well hydrated is particularly important in hot climates and during active holidays. Carry water with you and drink regularly.

If you are unsure about local water safety, check official country-specific health advice before travel, or ask your accommodation or local guides for guidance once you arrive.
