Crossing the Barranco de Sangre, the site of an infamous battle between Moors and Christians, we ascend to the ridge traversed by the easier party, and follow their route on the GR 7 down to to Bubion and then on a field path to Capileira.

Highlight: Experience the spectacular gorge and waterfalls of the Rio Bermejo.

Option 1 - GR7 From The Highest Village In Spain

Distance: 7 miles (11km)

Total ascent: 1,400ft (420m)

In summary: We will ascend through the extensive village of Trevelez, which comprises of three separate barrios, bajo, medio and alto. We then pick up the GR7/E4 footpath along a terrace on a broad gravel road high above the valley. Looking back, we can see the village with high hills beyond, whilst to the side is the deep Trevelez River valley. We continue contouring round the hillside before turning south east, and descending to the village of Busquistar. There should be time to explore the village and enjoy a welcome drink before meeting our transport back to Capileira.

Highlight: Visit the highest village in the Iberian Peninsula.

Option 2 - Following The GR7 From The Highest Village In Spain To Pitres

Distance: 10 miles (16km)

Total ascent: 1,900ft (570m)

In summary: This will follow the same route as the easier walk as far as Busquistar. From here our route then continues further down the Trevelez Valley, crossing several barrancos and walking through the little hamlet of Albeitar before ascending to finish in the main square of the larger village of Pitres. Here there will be a chance for a drink in one of the bars before our transport collects us for the short journey back to the hotel.

Highlight: The village of Trevelez known for it's production of Serano ham.

Day 5: Free Day

Each week there is a free day when no guided walks are offered. This is an ideal opportunity to relax around the hotel, swim in the pool, walk independently or visit local places of interest. Possible options for your free day include:

Visiting Sierra Nevada where you can have a drink in a refuge or even ascend Mulhacen, the highest mountain on mainland Spain. Visit the nearby village of Bubion and try pony trekking or a craft day, learning how to make an Alpujarran rug.

Day 6: Sierra De Mecina And The Trevez Gorge

Today a short ride by hired bus takes us to 'la Taha', an area of seven villages that once offered allegiance to the Nasrid Kings of Granada. Even today they are characterised by their distinctive Berber architecture. We start both walks at Fondales, the lowest of the seven villages in the Trevez Valley. Our walks take us along the Sierra de Mecina that marks the southern border of the main Alpujarras region. Both walks have spectacular winding mule tracks or 'Panjuila' that take us into the Trevez Gorge.

Option 1 - The Sierra De Mecina By The Camino Real

Distance: 7 miles (11km)

Total ascent: 1,800ft (540m)

In summary: We start from the tiny village of Fondales and descend to cross the Trevez River, near an old mill. From here we pick up an old mule trail, the Camino Real, that follows the river before ascending steadily to reach a broader track high above the valley. This track contours through woodland on the north slope of the Sierra de Mecina. A spectacular steep, but well engineered mule track or 'Panjuila' then winds down to cross the Trevez Gorge, before ascending more gently to the white village of Ferrierola. After tasting the remarkable sparkling waters of La Fuente Gaseosa, we take the winding road to our finishing point in the tiny village of Mecina.

Highlight: Views over the Trevez Gorge.

Option 2 - Sierra De Mecina And The Trevez Gorge

Distance: 9 miles (14½km)

Total ascent: 2,300ft (690m)

In summary: Our route follows the easier walk but on reaching the track along the Sierra de Mecina there is an optional extension to visit an old cisterna/ice house and spectacular viewpoint over Orgiva. After contouring along the Sierra de Mecina we continue for a short distance along a quiet road before descending an old iron ore quarry on a spectacular winding path into the Trevez Gorge. On the north side of the valley we pass the outskirts of Busquistar. We pick up the GR142 path to Ferrierola we will have the opportunity to sample the Fuente Gaseosa. Refreshed by the naturally sparkling mineral water we then follow the winding road to our finishing point in Mecina.

Highlight: Visit the spectacular viewpoint over Orgiva.

Day 7: Cebadillas And The Poqueira Gorge

Today both groups will start and finish from our hotel. Our aim is to explore the delights of the Poqueira Valley.

Option 1 - The Capileira Gorge To La Cebadilla And Puente Abuchite

Distance: 6 miles (9½km)

Total ascent: 1,200ft (360m)

In summary: Our walk will ascend the east side of the Poqueira Valley as far as the deserted village of La Cebadilla, built in the 1950's for the construction of the hydroelectric power station. Here the river is in a deep rocky gorge. The path from Capileira provides a magnificent panorama of the valley and also closely follows an 'acequia'. These are the vital water channels that supply the villages and farmland with the water from the

melting snows of the Sierra Nevada. After crossing the river, the route then passes through ancient farmland and terraces and descends on the western side of the valley as far as the bridge at Abu Buchite. A good, but steep track then leads back to the village of Capileira.

Highlight: Panoramic views of the valley.

Option 2 - Four Bridges Over The Poqueira

Distance: 10 miles (16km)

Total ascent: 1,800ft (540m)

In summary: We will set off in the opposite direction to the easier walk, descending close to Bubion village before reaching Puente Molino. Our path crosses the river here for the first time and ascends on the western side of the valley before crossing the river again at Chiscar bridge. The path then ascends and edges its way around a narrow gorge of the river, before descending again to Abu Buchite bridge. Crossing the river for a third time we follow the route used by the easier party in the reverse direction. The fourth river bridge crossing is at La Cebadilla, the hydroelectricity plant built to supply the valley with electricity in the 1950's. Returning to Capileira, we follow an 'acequia' and enjoy the fabulous views of the valley and whitewashed villages as we descend to our hotel.

Highlight: The traditional Iron ore industry in the Alpujarras.

Day 8: Transfer Day

You will be transferred from the Hotel Finca Los Llanos to the Hotel Fuerte Grazalema via Malaga airport.

Unpack and settle in.

Day 9: Natural Park Of Sierra De Grazalema & A Taste Of Andalucia

We travel by coach to the nearby village of Benamahoma. From here we begin our first walk of the day along the Río Majaceite and through a landscape of waterfalls and typical riverside vegetation to the town of El Bosque.

Here, we'll visit two local food producers: a flour mill which makes bread in the traditional manner, and a producer of artisanal cheeses, for which the Grazalema region is well known. We'll enjoy lunch here, sampling these local delights. Distance: 3 miles (5 km) with negligible ascent.

This afternoon, we continue walking and follow a more challenging circular loop trail through the valley, called Llanos del Endrinal. There is then some time to enjoy a stroll around the pretty town of Grazalema before we return to the hotel. Distance: 1½ miles (2½km) with 750 feet (230m) of ascent.

Day 10: Seville

Today we'll enjoy a full day excursion to Seville. Enroute, there'll be a stop in the mountain town of Zahara de la Sierra.

Our guided walk in Seville will trace the connections between Spain and its former colonies in the Americas via the 1929 Iberoamerican Expo, and the legacy of its singular architecture. We'll conclude our morning exploration at the Hotel Alfonso XIII, where you can buy a drink if you wish, before enjoying free time for lunch.

In the afternoon, we'll experience Seville from upon high. We'll walk through the commercial centre of the city with a local guide, who'll then show us the city as seen from atop two of its landmark buildings: the Giralda

spire of the 14th-century cathedral and the walkways of the avant-garde 21st-century Metropol Parasol building, known locally as 'Las Setas' ('the mushrooms').

We'll round off our visit to this stunning city with a tapas dinner before we return to our hotel.

Day 11: Ronda

We depart for Ronda and the Guardiaro River valley. Our first walk traces a section of the long-distance path GR-249 between the stations of Benaoján and Jimera de Líbar, from where we'll take the train to Ronda along one of Spain's most scenic railway lines. Distance: 5 miles (8km) with negligible ascent.

We'll explore the enchanting town of Ronda, passing its most distinctive monuments, such as the 18th-century bull ring and 'New Bridge'. Enjoy free time to explore further and have lunch before we reconvene for our afternoon walk.

Descending from the Old Town, we walk to the Guadalevín River valley and on through farmlands and vineyards to the winery, Bodegas Descalzos Viejos.

Here we'll learn the fascinating story behind the business from the owner and taste a selection of the wines. We return from here to the hotel, where any remaining time today is at leisure before dinner. Distance: 2 miles (3km) with 320 feet (100m) of descent.

Day 12: To Priego De Córdoba

As we travel from Grazalema to Priego de Córdoba, we'll stop at a unique and special place: the salt lagoon of Fuente de Piedra.

Here, guided by a botanist, we'll learn more about the large breeding colony of flamingos – a species of bird more commonly associated with Africa than mainland Europe. In this lovely landscape, there'll be time for you to enjoy your picnic lunch.

We continue our journey to our second hotel. This evening, we'll take a gentle guided stroll through the attractive and historic quarter of nearby Priego de Córdoba, 'La Villa', before we enjoy dinner in a local restaurant.

Day 13: Natural Park Sierra Subbética

We travel to the town of Cabra, where we'll enjoy a short stroll through its streets and see the sword used by 'El Cid' in the battle of Cabra in 1079 between the Islamic states of Granada and Seville. We continue to the Natural Park of Sierra Subbética: here we'll walk from below a hermitage, which sits on a knoll overlooking the surrounding countryside, through varying landscapes to the captivating white village of Zuheros, stopping along the way to enjoy our picnic lunch. This walk is of medium difficulty, although our route is mostly a gradual descent. Distance: 7½ miles (12km) with negligible ascent.

There's some time in Zuheros to enjoy a drink before we return to the hotel, where you'll have time to relax and enjoy the hotel's facilities before dinner in the hotel this evening.

Day 14: Córdoba

Today we'll discover the history and character of the city of Córdoba on a walk through the historic centre with a local guide. From the palace of the Viana noble family to the San Basilio district, admire the floral patios – an essential element of city life, and the focus of an annual Festival of Patios – as we explore the charm of this ancient city.

After time for lunch, our exploration of the city continues with an insight into the rich history of the Muslims and Jews who lived here in the medieval period, with guided visits to the Great Mosque and a small, intimate Synagogue – both monuments which evoke the city's fascinating and varied heritage.

We conclude our day with an insight into the region's 'liquid gold': extra virgin olive oil. In the world's largest area of olive production, we'll learn more from a resident of Zuheros, Antonio Zafra, on his one-hectare small holding, where he grows 12 different olive varieties. Dinner this evening in a local's home makes use of the oil and olives from Antonio's trees, and is a wonderful and fun way to bring our Andalusian experience to a close.

Day 15: Departure Day

After breakfast we'll transfer by coach to Málaga International Airport for our return flight.

USEFUL HOLIDAY INFORMATION

Essential Information

Passport Requirements

You may need to renew your British passport if you're travelling from 1 January 2021.

On the day you travel, you'll need your passport to both:

- have at least 6 months left
- be less than 10 years old (even if it has 6 months or more left)

Use the [government website](#) to see if your passport is valid for this holiday

EHIC Cards

The UK government has officially launched the Global Health Insurance Card (GHIC), which will replace the

European Health Insurance Card (EHIC). UK residents can now apply for one of the GHIC cards, which will gradually replace the EHIC cards as they reach their expiry dates. Every family member travelling requires a GHIC. You can make an application for yourself and on behalf of your partner and any dependent children under the age of 16. Both cards will offer equivalent protection for emergency and medically necessary healthcare needs when in the EU on a temporary stay, which includes holiday, study and business travel. Necessary healthcare includes things like

- emergency treatment and visits to A&E
- treatment for long-term or pre-existing medical conditions
- routine medical care for pre-existing conditions that need monitoring
- oxygen and kidney dialysis

The public only need to apply for their free GHIC cards when their current EHIC expires. The process is likely to take two weeks. For more information visit <https://www.nhs.uk/using-the-nhs/healthcare-abroad/apply-for-a-free-uk-global-health-insurance-card-ghic/>.

The GHIC is not an alternative to travel insurance. We advise all holidaymakers to also invest in travel insurance that covers healthcare, so they are covered for other issues that may arise, as well as cancellations and lost luggage.
