Day 2 **Refresher Day**

Our first day will be spent as a refresher day covering some areas of the Bronze Navigator Award syllabus to help prepare you before completing the Silver Navigator Award. Some of the skills you will be covering are:

- Navigate using a variety of maps and scales.
- Use 4 and 6 figure grid references with worded descriptions to define the position of a map feature and to locate a feature on the ground.
- Orientate the map using handrails, obvious point features and major landforms.
- Use linear features (e.g. paths, tracks, clear boundaries) as handrails in simple navigation exercises.
- Relate prominent landforms such as large hills and valleys to corresponding contour information on the map.
- Orientate the map by aligning a compass needle against grid north and be aware that magnetic variation causes an inaccuracy.
- Use an orientated map to confirm the direction of travel.
- Use clearly identifiable features to confirm position along the route and to recognise when the target has been overshot.

Day 3–4 **Navigation Days**

Our days will be spent working through a range of practical indoor and outdoor exercises that will help us cover the Silver Navigator Award Syllabus.

- Utilise the skills and techniques of the Bronze Award in the context of Silver Award navigation strategies.
- Relate small hills, small valleys, prominent re-entrants and prominent spurs to their corresponding map contours. Use prominent hills, ridges, spurs and valleys as a means of navigation in good visibility.
- Use landforms and point features to orientate the map and as collecting and catching features.

- Use a compass to: Accurately follow a bearing; aim off; check the direction of handrails and other linear features.
- Deviate briefly from a compass bearing to avoid obstacles or difficult terrain and accurately regain the original line.
- Use back bearings to check route following accuracy.
- Measure distance on the ground in varied, open terrain using timing and pacing and make practical allowances for any discrepancies.
- Simplify legs using coarse navigation, attack points and fine navigation.
- Recognise dangerous or difficult terrain on map and ground.
- Plan and implement navigational strategies based on the above skills.
- Maintain route finding accuracy in poor visibility or darkness.
- Recognise a navigation error within a few minutes and apply appropriate relocation techniques.
- Understand how personal fitness and nature of terrain affect route choice both at the planning stage and on the ground.
- Understand the potential consequences of fatigue and physical discomfort in demanding terrain and/or extreme weather conditions.
- Select appropriate clothing, equipment and first aid items for walking in open country in all weather conditions.
- Demonstrate an understanding of the Countryside Code, current access legislation and the environmental impact of walkers on the countryside.
- Understand the responsibilities of walkers towards other countryside interests such as farming, forestry and conservation.
- Understand how outdoor activities impact on the environment and how that impact can be minimised and sustainable use promoted.

Assessment for the Silver award is optional.

Then & now

Mentioned in the Domesday Book of 1086, there have been at least four successive houses of varying sizes built at the manor of Holnicote over a 500-year period. Until the 20th century, it was owned by the Acland family who saw it though a few fires, rebuilds, and restorations during their almost 200-year occupancy. They built the present Holnicote House in 1861 and it remained in the family thereafter (minus its thatched roof that was destroyed by yet another fire in 1941 and replaced with tiles from another estate building). In 1944, Sir Richard Acland, 15th Baronet, and his wife, Lady Ann, donated the entire Holnicote Estate (along with Killerton, their Devon ancestral home) to the National Trust in a bid to keep them 'safe and unspoiled for all time'. The combined value of both estates was estimated at £250,000, making this the largest single acquisition in the organisation's history.

Used as a nursery and nursery nurse training school during the 1940s, Holnicote House has been part of our HF Holidays line-up since 1952. Set right at the heart of the Holnicote Estate – a 12,500-acre landscape of heather-covered moorland, ancient woodland, and rocky coastline – it comes with 150 miles of footpaths and bridleways and plenty of sublime grounds which offer free rein to wander. You'll find 32 well-appointed guest rooms in three categories (Classic, Premium, and Superior), two comfortable lounges, peaceful gardens, a croquet lawn, books and games to borrow during your stay, plus a handy boot and drying room. There's also a Discovery Point offering a wide range of local area maps, route guides, and easy-to-follow information for self-guided walks. Equally worthy of your attention is the licensed bar and the dining room for a wide range of dishes made with fresh and seasonal ingredients.

Check-In & Check-Out

You are welcome to check in from 4pm at the earliest. HF Members can check in earlier, from 2pm. On arrival, you'll enjoy a complimentary cream tea and get to meet your fellow guests, our HF Holidays Leaders, and the rest of the friendly team. Check out 10am.

A warm welcome
We want you to feel comfortable from the moment you arrive. You'll find a welcome pack in your room with guest registration forms, menus, order forms for dinners and picnic lunches, the Wi-Fi password, and the front door code. Our houses are locked at night, so we recommend noting the Duty Manager's number on arrival in case of an emergency (or getting locked out).

Helping you enjoy the Great Outdoors - A natural focus on walks

Walks talks and Discovery Points
Our founder, country pastor turned social innovator, Thomas Arthur Leonard, was passionate about encouraging people to explore the countryside. His legacy continues in HF's continued focus on walking. Many guests choose to travel with us on guided or self-guided walking holidays, and as such, evenings at our houses are often busy with walk leaders hosting various briefings and talks. On guided walking holiday arrival days, there are walking information briefings before dinner, and for the duration of any guided walking holiday there will be a Walks Talk before (or on occasion after dinner), to go through the following day's walk options. Self-guided walking guests, and those on special interest holidays (where there is free time to explore independently), are of course welcome to also join in these Walks Talks - please talk to the team locally if you have any queries. Our Discovery Points are filled with handy maps and route notes, designed to ensure everyone, not just those booked on a guided walking holiday, can enjoy the beautiful countryside settings that our HF houses enjoy.

The walking day
Prior to setting off on guided walks, our HF Holidays Leaders run through a short safety briefing. There's also an up-to-date weather forecast on display at the house to ensure walkers have appropriate clothing and footwear. If you choose to do your own walks or are on a self-guided walking holiday, we ask that you please complete an Independent Walker Card each day. These can be found near the Discovery Point in the house.
